

Addendum to iScan VP30 Owner's Manual

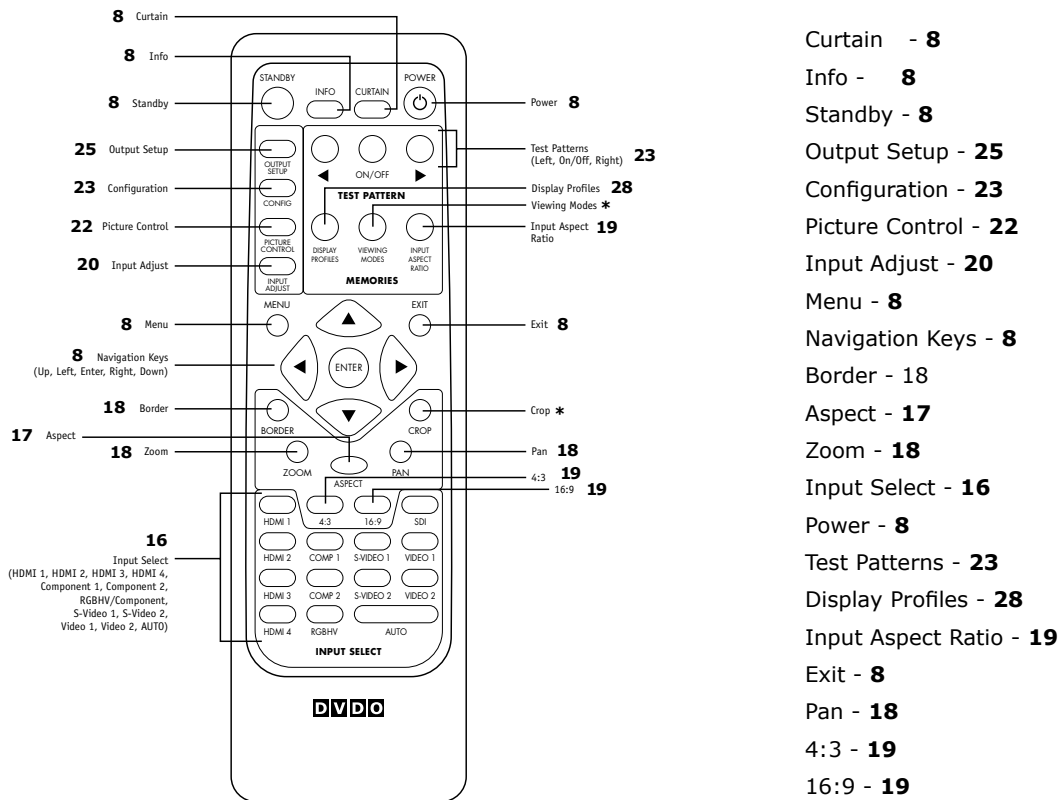

Page 5:

Note: The labels for the 'Status LED', 'IR Window' and 'Navigation Keys' are omitted or are incorrect in the printed manual.

Page 7:

Some of the page numbers are incorrect. Please refer to these page numbers for more info about the functionality of these buttons:

Page 25:

Two output resolutions have the incorrect vertical resolution in the printed manual, the correct output resolutions are:

Horizontal Resolution	Vertical Resolution	Scan Type	Sync Signal Line	Sync Signal Type	Color Space
1366	768	P	H-V-	-	RGB
1280	768	P	H-V-	-	RGB
